

Tillsonburg District Memorial Hospital

Partnering to keep healthcare close to home.

Media Release

Date: November 19, 2020

Visitor Restriction at Tillsonburg District Memorial Hospital, Saturday, November 21.

Tillsonburg, ON - On Saturday November 21, there will be a planned power outage at Tillsonburg District Memorial Hospital for the installation of new generators. During this planned power outage there will be a reduction in lighting and some elevators will not be functioning. As a result, there will be no patient visits permitted on Saturday.

"In order to ensure the safety of our visitors, and out of an abundance of caution, there will be no patient visitors permitted on Saturday," said Jodi Edwards, Director of Clinical Services. "Please note however that normal hospital services will remain fully operational including the Emergency Department during this time. We expect to resume visiting on Sunday once the work is complete," said Edwards.

The hospital currently has ongoing visitor limitations in place in response to the COVID-19 pandemic. Visitors are encouraged to check the hospital website before coming to the hospital for the most current information.
